GENERAL CONDITIONS

All craft are built under a simple contract agreement between Rustler Yachts Ltd and the purchaser. This agreement does not limit the owner's statutory rights.

Terms of payment are: -
50 % Signing of Contract
50 % Completion of acceptance trials.

The owner or his authorised agent will have free and reasonable access to the craft and its equipment during normal business hours.

The builders will insure the craft and all its equipment until the craft is handed over to the owner.

Completed craft are handed over to the owner, all equipment will be demonstrated to the owners satisfaction. Until handover, the craft remains in custody and control of the builders. No craft or equipment will be handed over or released by the builders unless payment in full has been received.
